

— BUYING OR SELLING A HOME? LET'S WORK TOGETHER!

Hello, my name is Joy Hicks and I am an agent with RE/MAX Specialists. I have an MBA in Finance and worked many years in Corporate Finance. For the past 17 years, I have been an experienced real estate investor, buying, remodeling, and selling multiple homes in the Jacksonville area. On average, I've been able to sell and close my own properties within 3 months. I take great pride in watching houses transform into cherished homes, and I feel a personal connection to each property I work with. When listing a home, I offer professional consultations to help get the house ready to sell quickly in this competitive market. Despite the challenges, I'm here to guide you through every step of the process.
